

## **The Students' Association of Natural Science. Upsala.**

### **Geological Division.**

#### **Meeting October 10th, 1935.**

The following officers were appointed:

T. KROKSTRÖM, Secretary.

W. LARSSON, Treasurer.

Mr. W. LARSSON read a paper about »Eolic differentiation at the eruption of the volcano Quizapú in the year 1932».

#### **Meeting October 17th, 1935.**

Dr L. STØRMER spoke about »The rhomb-porphry conglomerate on the eastern side of the Oslofjord, its genesis and tectonics».

#### **Meeting January 29th, 1936.**

The following officers were appointed:

T. KROKSTRÖM, Secretary.

W. LARSSON, Treasurer.

#### **Meeting February 27th, 1936.**

Prof. H. G. BACKLUND spoke about »The genesis of the eclogites».

#### **Meeting April 29th, 1936.**

Dr. F. BROTZEN gave a lecture on »Foraminiferen als Leitfossilien und ihre Horizontbeständigkeit in der alten und neuen Welt».

#### **Meeting September 29th, 1936.**

The following officers were appointed:

W. LARSSON, Secretary.

B. BOHLIN, Treasurer.

#### **Meeting October 15th, 1936.**

Docent T. KROKSTRÖM spoke about »Diabase contra dolerite».

Docent B. BOHLIN gave an account of an occurrence of calcareous tufa at Ållebergsände.

**Meeting October 29th, 1936.**

Mr. W. LARSSON and J. ÖSTER spoke about the geological excursions in Finland arranged by the Meeting of Scandinavian Naturalists in Helsingfors.

**Meeting November 12th, 1936.**

Docent N. G. HÖRNER gave an account of »The International Congress of Quaternary Geology in Vienna and its excursions».

**Meeting November 26th, 1936.**

Dr. A. HÖGBOM spoke about »Geological voyages on the Canaries and in Alaska».

**Meeting January 28th, 1937.**

The following officers were appointed:

W. LARSSON, Secretary.

B. BOHLIN, Treasurer.

**Meeting February 18th, 1937.**
